

# Lake Milton Nature & Arts Center Stage Program Consideration

*To be completed by the Lead Contact for Group. Must be post-marked by December 31 to be considered for following year's programming. Mail to: LMNAC Attn: YSU Programming Committee, P.O. Box 97, Lake Milton, OH 44429)*

The Lake Milton State is working with YSU to develop programming for our stage. Programming must support the mission of nature & arts enhancement and education. In addition, this is a family venue and the ability to bring "first time access" programming to the stage supporting the needs of seniors, kids and families is important. The stage is not for rent but rather programming will be developed to support our mission statement.
